3. First time adoption of Ind AS

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. These financial statements for the year ended March 31, 2018, are the Company's first Ind AS financial statements which have been prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with relevant rules of the Companies (Accounts) Rules, 2014 (Previous GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2018, together with the comparative period data as at and for the year ended March 31, 2017, as described in the summary of significant accounting policies. The Company has prepared the opening balance sheet as per Ind AS as of April 1, 2016 (the transition date) by:

- a. recognising all assets and liabilities whose recognition is required by Ind AS,
- b. not recognising items of assets or liabilities which are not permitted by Ind AS,
- c. reclassifying items from previous Generally Accepted Accounting Principles (GAAP) to Ind AS as required under Ind AS, and
- d. applying Ind AS in measurement of recognised assets and liabilities.

In preparing these Ind AS financial statements, the Company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the Company in restating its financial statements prepared under previous GAAP, including the Balance Sheet as at 1st April, 2016 and the financial statements as at and for the year ended 31st March, 2017.

A. Ind AS Optional Exemptions from retrospective application

(i) Deemed cost for Investment Property

The Company has elected to measure all its Investment Properties at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS.

B. Mandatory Exceptions from retrospective application

(i) Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind ASs shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

On an assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS (except for adjustments to reflect any difference in accounting policies), as there is no objective evidence that those estimates were in error. However, estimates, that were required under Ind AS but not required under Previous GAAP, are made by the Company for the relevant reporting dates, reflecting conditions existing as at that date without using any hindsight.

C. Transition to Ind AS - Reconciliations

The following reconciliations provide the explanations and quantification of the effect of significant differences arising from the transition from Previous GAAP to Ind AS in accordance with Ind AS 101:

- I. Reconciliation of Balance sheet as previously reported under IGAAP to Ind AS as at 1st April, 2016 and 31st March, 2017
- II. Reconciliation of Statement of Profit and Loss as previously reported under IGAAP to Ind AS for the year ended 31st March, 2017
- III. Reconciliation of Equity as at 1st April, 2016 and 31st March, 2017
- IV. Reconciliation of Total Comprehensive Income for the year ended 31st March, 2017
- V. Reconciliation of Statement of Cash Flow Statement for the year ended 31st March, 2017

Two handwritten signatures in black ink, one on the left and one on the right, positioned above the stamp.

The presentation requirements under Previous GAAP differs from Ind AS and hence, Previous GAAP information have been regrouped for ease of reconciliation with Ind AS. The Regrouped Previous GAAP information is derived from the Financial Statement of the Company prepared in accordance with Previous GAAP.

Footnotes to the reconciliation of equity as at 1 April 2016 and 31 March 2017 and Statement of Profit & Loss for the year ended 31st March 2017 :

1) Investment Property

Under previous GAAP, freehold land and capital work-in-progress were disclosed as property plant and equipment. Based on Ind AS 40- Investment Property, since they were held for capital appreciation, the Company has reclassified them as Investment Property in the Opening Balance Sheet as at April 1, 2016. Further the said Capital work-in-progress amounting to Rs. 21,11,529.50 as at April 1, 2016 included (a) temporary building structure for Rs. 14,51,008.00 and (b) certain land development and registration expenses amounting to Rs. 5,66,227.00 which have been reclassified as Temporary Building Structure and Freehold Land respectively under Investment Property in the Opening Balance Sheet. There is no impact on the total equity or profit as a result of this adjustment.

(Profit)/Loss:			

2) Adjustment on correction of prior period errors in deemed cost of investment property

The aforesaid Capital work-in-progress also included as at April 1, 2016 certain indirectly attributable expenses being property operating expenses such as Property taxes which under Ind AS are expensed as incurred. Consequently, an amount of Rs. 94,294.50 has been recognised in the retained earnings for such property taxes relating to the periods prior to the date of transition in the opening balance sheet as at April 1, 2016 and an amount of Rs. 1,18,350.00 to the Statement of Profit and Loss under 'Other Expenses' for the year ended 31st March, 2017.

As the temporary building structure was completed in the year 2010, the Company has also recognised depreciation retrospectively on the above amounting to Rs. 13,78,457.60 upto 31.03.2016 and adjusted the same in the retained earnings upto transition date in the opening balance sheet as at April 1, 2016.

According to Ind AS 101, if an entity becomes aware of errors made under previous GAAP, the reconciliations required shall distinguish the correction of those errors from changes in accounting policies.

Under Indian GAAP, prior period errors did not require retrospective restatement of the financial statements. However, Ind AS 8 requires prior period errors to be corrected at the beginning of the earliest prior period presented. Accordingly, based on facts available as of earlier period dates, adjustments as described above, were concluded as prior period items and thus recorded as adjustment to opening retained earnings for amounts relating to period prior to 1 April, 2016 and to the Statement of Profit and Loss for amounts relating to year 2016-17.

II. Financial Instruments, financial risks and capital risks management policies and objectives

I Financial Instruments - Accounting classification, fair values and fair value hierarchy :

The category wise details as to the carrying value and fair value of the Company's financial assets and financial liabilities including their levels in the fair value hierarchy are as follows:

Particulars	Levels	Carrying values as of			Fair values as of		
		31st March, 2018	31st March, 2017	1st April, 2016	31st March, 2018	31st March, 2017	1st April, 2016
1. Financial assets							
a. Fair Value through profit & loss		-	-	-	-	-	-
b. Fair value through other comprehensive income		-	-	-	-	-	-
c. Amortised cost							
Cash & cash equivalents	Level 1	53,073.04	53,776.54	53,776.54	53,073.04	53,776.54	53,776.54
2. Financial liabilities

Methods and assumptions used to estimate the fair values are consistent with those used for the year ended 31st March, 2017. The following methods / assumptions were used to estimate the fair values:

1. The carrying value of Cash and cash equivalents and financial liabilities approximate their fair value mainly due to the short-term maturities of these instruments.
2. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

II Financial Risk Management Objectives and Policies

According to Ind As 107- Financial Instruments: Disclosures, an entity shall disclose information that enables users of its financial statements to evaluate the nature and extent of risks arising from financial instruments to which the entity is exposed at the end of the reporting period. These risks typically include credit risk, liquidity risk and market risk.

The Company's principal financial liabilities comprise other payables. The Company's principal financial assets include loans and cash and cash equivalents. The Company's activities do not possess any significant financial risk as detailed below:

a.) Credit Risk

The Company takes on exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. With respect to credit risk arising from financial assets which comprise of cash and cash equivalents, the Company's exposure arises from the default of the counterparty, with a maximum exposure equal to the carrying amount of these financial assets at the reporting date. The Company manages credit risk by banking with good/reputed bank.

b) Liquidity Risk

Liquidity risk is the risk that the Company is unable to meet its payment obligations associated with its financial liabilities when they fall due. Prudent liquidity risk management implies maintaining sufficient liquid funds to meet its financial obligations.

The Company manages liquidity risk by maintaining adequate cash reserves to meet its obligations as they fall due and through financing from related parties.

The table below provides details regarding the contractual maturities of financial liabilities based on contractual undiscounted payments.

Particulars	Carrying amount	Due within one year	Due after one year	Total contracted cash flows
As at 31st March, 2018				
Other financial liabilities	162,985.00	162,985.00		162,985.00

As at 1st April, 2016				
Other financial liabilities	105,241.00	105,241.00		105,241.00
Total Financial Liabilities				

c) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

l.) Currency risk

Foreign exchange risk is the risk that the fair value of future cash flows of financial instrument will fluctuate because of changes in foreign exchange rate. The Company has no exposure to foreign exchange risk as it does not have any financial assets or liabilities which are denominated in a currency other than INR.

II.) Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The Company has no exposure to interest-rate risk as it has no "interest-bearing financial assets and liabilities".

(Handwritten signatures and initials)

iii.) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market. The Company has no exposure to price risk.

III Capital Risk Management Policies and Objectives

For the purpose of the Company's capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value. The Company manages its capital structure in consideration to the changes in economic conditions and the requirements of the financial covenants.

During the reporting period Company has not obtained any loans from external financial institutions or from any of its related entities. Hence, company is not subject to any financial covenants.

IV Changes in liabilities arising from financing activities

With effect from 01.04.2017, the Company adopted the amendments to Ind AS 7 - Statement of cash flows. The amendments require entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes. To the extent necessary to satisfy this requirement, an entity discloses the following changes in liabilities arising from financing activities:

- Changes from financing cash flows
- Changes arising from obtaining or losing control of subsidiaries or other businesses
- The effect of changes in foreign exchange rates
- Changes in fair values
- Other changes

Paragraph 44C of Ind AS 7 states that liabilities arising from financing activities are liabilities for which cash flows were, or future cash flows will be, classified in the statement of cash flows as cash flows from financing activities. In addition, the disclosure requirement in paragraph 44A also applies to changes in financial assets (for example, assets that hedge liabilities arising from financing activities) if cash flows from those financial assets were, or future cash flows will be, included in cash flows from financing activities.

The Company disclosed information about its interest-bearing loans and borrowings including its obligations under finance lease and hire purchase contracts. In addition, the Company included information on certain derivatives as their settlement will affect financing cash flows.

The amendments suggest that the disclosure requirement may be met by providing a reconciliation between the opening and closing balances in the statement of financial position for liabilities arising from financing activities. Where an entity discloses such a reconciliation, it shall provide sufficient information to enable users of the financial statements to link items included in the reconciliation to the statement of financial position and the statement of cash flows. The Company decided to provide information in a reconciliation format. The major changes in the Company's liabilities arising from financing activities are due to financing cash flows and accrual of financial liabilities. The Company did not acquire any liabilities arising from financing activities during business combinations effected in the current period or comparative period.

	01.04.2017 (opening balance of current year)	Cash Flows	Non-cash changes				31.03.2018 (closing balance of current year)
